BRUNO BUENO

Bruno Bernardo Rossigneux de Oliveira Bueno

brunobernardobueno@gmail.com · +47 413 24 823

I have a strong safety mindset and perform well in physically and mentally demanding environments.

Dedicated, fast learner, always focused on improving.

Comfortable working under pressure and following procedures. Looking for an opportunity to learn and grow in an industry that I'm fascinated about.

ROUSTABOUT / DECK OPERATOR - CANDIDATE

WORK EXPERIENCE

NOV 2023 – MAY 2026 · FULL-TIME

Software Developer

Proweb AS (Webson) · Larvik, Norway

Structured problem-solving, disciplined with procedures, written documentation and team communication. Strong computer literacy. I adapt quickly to new control systems and digital tools.

FEB 2023 – SEP 2023 · INTERNSHIP

Software Developer

SASTECH AS · Larvik, Norway

JAN 2017 – AUG 2024 · 1,000+ HOURS IN OPEN-WATER OPERATIONS

Dive Operations | Instructor & Team Lead

Multiple dive centres · Norway, Philippines, Mexico, Brazil, Honduras

- Team leadership under pressure: briefings, risk assessments, strict pre-operation checks, buddy-check protocols, and accountability for group safety.
- Apeks & Aqualung certified regulator service technician. Precision mechanical work on high-pressure life-support equipment.
- Emergency First Response and Oxygen Provider instructor.
- Specialty instructor in Deep, Nitrox, Navigation and Night diving.
- Operated in demanding surface conditions across Rio (Brasil), Puerto Escondido (Mexico) and Norway (Sandefjord, Stavern, Lofoten): low-visibility and high-current coastal work, beach launches through heavy Pacific surf, and Arctic cold-water operations requiring continuous risk assessment.
- Deep wall dives on coral drop-offs deeper than 100 metres in the Caribbean (Roatán) and Philippines (Malapascua). Strict depth and gas-management discipline, constant awareness of decompression limits.

EDUCATION

MAY 2022 – FEB 2023

Full Stack Web Developer Course

GET Academy, Larvik

JAN 2017 – APRIL 2017

PADI Open Water Scuba Instructor Course and Internship

Roatan Dive Center, Honduras

2012

High School

Colégio pH, Rio de Janeiro, Brasil

PROJECTS & SELF-STUDY

- Built training simulators to support my own offshore preparation: drilling fundamentals simulator, overhead-crane rig, and rigging route planner.

See these projects in detail at brunobbueno.com
